

THETA XI FRATERNITY

Converting to Alumni Membership Grand Lodge Submission Form

An undergraduate member shall be transferred to alumni status upon ceasing attendance at his chapter or colony's school. In the case of unusual circumstances or hardship, an undergraduate member remaining in attendance at his chapter or colony's school, may petition to convert to alumni membership, foregoing the rights and responsibilities of undergraduate membership.

In order for an undergraduate member to convert to alumni membership prior to the time when he ceases attendance at his chapter or colony, the following must take place:

1. The member must submit a written petition to his chapter or colony explaining the circumstances that cause him to be unable to fulfill his obligations as an undergraduate member of his chapter or colony.
2. The chapter or colony may approve the petition by majority vote or as may be provided for in its by-laws.
3. If approved, the petition shall be submitted to the Grand Lodge, at which time the member shall be considered an alumni member. Until transferred to alumni membership, a member remains an undergraduate member, subject to suspension or other penalties for failure to meet the obligations and requirements of undergraduate membership.
4. Or, the member may petition the Grand Lodge directly, and the Grand Lodge may convert any member to or from alumni membership by majority vote.

Please attach the statement of the member along with the following information
